Minesweeper

Easy

- Every numbered cell shows how many mines are hidden among its up to 8 neighboring cells.
- Mark every remaining hidden cell as either safe by crossing it out or a mine by adding a dot.
- There is no total mine count given. Work from the numbers shown alone.

0	0		0	1		2	
		2		1			
1				1	1	1	
			4	2			0
	3			2			
1	3		4		0	0	0
0	2			3	1	0	0
