Minesweeper

From Minesweeper Puzzle Book, Volume 1

- Every numbered cell shows how many mines are hidden among its up to 8 neighboring cells.
- Mark every remaining hidden cell as either safe by crossing it out or a mine by adding a dot.
- There is no total mine count given. Work from the numbers shown alone.

		2			0						0
0		2				2		2	1	1	2	
								1	1			
		1			0			3				
2		3		1					2		2	
		2								0		
	1				0		1			1	2	
					1						1	0
	0		3				1	1	2			
0					2	1		2	3	3	3	2
				5		1	2					
2	2			6			3					
							2		2	2	3	2
